

BEAUTY & Essex.

OVERVIEW

What happens when Lower East Side grit meets Las Vegas Strip glam? You get an energetic dining experience unlike any other. Beauty & Essex Las Vegas is Chef Chris Santos' first foray out of New York City, and since opening in May 2016, it has consistently been ranked as one of the hottest new restaurants on the strip for its food, drinks, service, and ambiance. Enjoy handcrafted cocktails in our Pearl Lounge before moving into one of our two jewelry-box-themed dining rooms, where you'll be treated to an extensive selection of shareable plates, fine wines, and the world-class service that has made TAO Group a leader in Las Vegas dining and entertainment.

SERVICE

- Passed Appetizers / Cocktail Reception Seated Dinner

OVERVIEW

Global hospitality company, Tao Group Hospitality, recognized for its innovative restaurant, daylife and nightlife brands spanning four continents brings Casa Calavera, a new culinary and cantina concept at Virgin Hotels Las Vegas, part of Curio Collection by Hilton™. Casa Calavera combines traditional Mexican cuisine complemented by a twist of energetic social ambiance. Guests can anticipate a relaxed open-air, feet-in-the-sand experience from a dining perspective paired with a stylish, pre-party nightlife atmosphere.

Casa Calavera features traditional Mexican calavera art and an authentic Dia de los Muertos theme at its core, which is highlighted within the restaurant's many wall murals. Las Vegas is the second location for this dynamic restaurant concept with the first outpost residing beachside in San Jose del Cabo, Mexico.

The Las Vegas venue's interior draws inspiration from the original location in spirit but with impactful updates that make it unique for Las Vegas's playful day-into-night adult setting.

RAISED DINING AREA + MAIN DINING ROOM

Slightly elevated and overlooking the main dining room and bar, this elevated dining area features standard four-top tables and semi-circular booths to accommodate larger groups featuring a raised view of the entire restaurant and outdoor patio.

Lit by hanging candelabra of various sizes and eclectic pendant designs, the main dining room features two wall-sized murals featuring original works of hand-painted art created by Mexico City urban artist, Seher One. These larger-than-life murals tell the story of the Dia de los Muertos holiday and tradition in glorious colors and hues. The main dining room provides multiple seating arrangements accommodating parties of two to eight guests with table combination flexibility arranged for parties of 10 guests and beyond. The main dining room provides its patrons with clear views of the murals and outdoor patio from anywhere in the restaurant.

CAPACITY

- Seated: Up to 116

FULL VENUE BUYOUT STANDING RECEPTION

- Seated: Up to 250

OUTDOOR PATIO

A playful mix of authentic Mexican furniture creates a connection between the interior and exterior spaces along with a large mosaic marble floor. The exterior walls are adorned with additional Seher One murals depicting scenes of the Dia de los Muertos holiday the heart of Casa Calavera's essence. Part of the patio provides its patrons a literal feet-in-the-sand dining experience that features an adobe fireplace providing that outdoor rustic ambiance, while a seesaw gives a playful setting for guests looking to enjoy a cocktail while having a little fun. A meandering stone path leads guests from the sand around the illuminated center piece tree to cozy banquettes positioned outward giving unobstructed views of the Virgin hotel resort pool. The outdoor patio also includes umbrellas for shading tables on hot Vegas summer days. For those looking for a more secluded dining experience for larger parties, the outdoor patio offers two semi-private dining areas, each seating up to 10 guests comfortably.

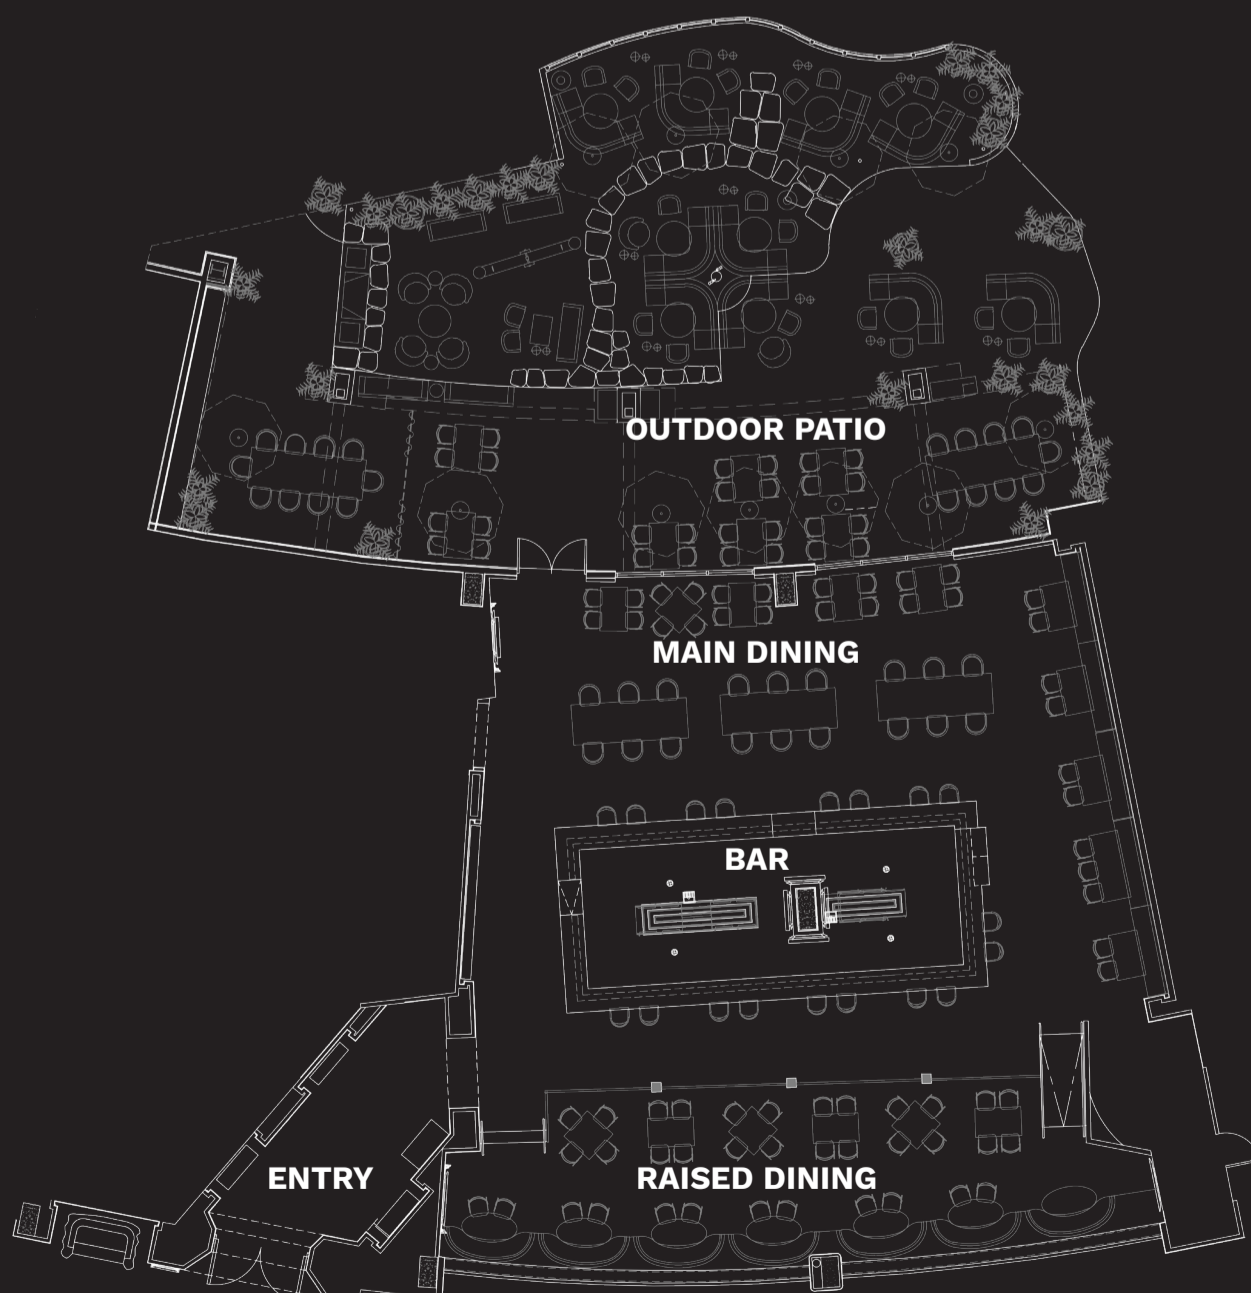

CAPACITY

- Seated: Up to 86

STANDING RECEPTION

- Seated: Up to 100

FLOOR PLANS

OVERVIEW

The dual-level nightlife destination welcomes guests to discover an innovative experience artfully designed to celebrate the convergence of technology and immersive design, a space as inviting as it is vivid.

Over 1,400 square feet of architectural LED ribbons offer a vibrant counterpoint to vintage parquet detailing and richly tufted VIP banquettes. Five themed VIP suites with custom amenities circle the mezzanine level for more intimate gatherings. Throughout the nightclub, lush layers of textures, fabric, and finishes embellish every facet.

VENUE SIZE

• 24,000 Sq Ft Of Opulence And Sophistication

MODERN ENTRANCE

Adding to the guest experience, VIP patrons will be welcomed through a tunnel of arched bronze portals, where an antique glass chandelier will beckon them through a seductive corridor leading into the club.

MAIN LEVEL

The main level features distinctive LED ribbons that crown the action as a circular dome ceiling will pulse with rhythm forming the centerpiece encompassing the intimate space.

Occupancy Capacity: 1,150 patrons

STATE-OF-THE-ART VIDEO WALL

The DJ booth boasts a first-of-its kind production wall adorned with dual-sided LED video screens and state-of-the-art effects lighting, allowing for 360-degree movement while the mesmerizing wall of light shape shifts and shines, synchronizing the experience and culminating with a feast for the senses.

MEZZANINE LEVEL

A staircase with LED screens leads guests to the mezzanine level with its own bar, dance floor and the next generation of luxury offerings.

Occupancy Capacity: 750 patrons

THE STUDIO

THE G.O.A.T.

THE GALLERY

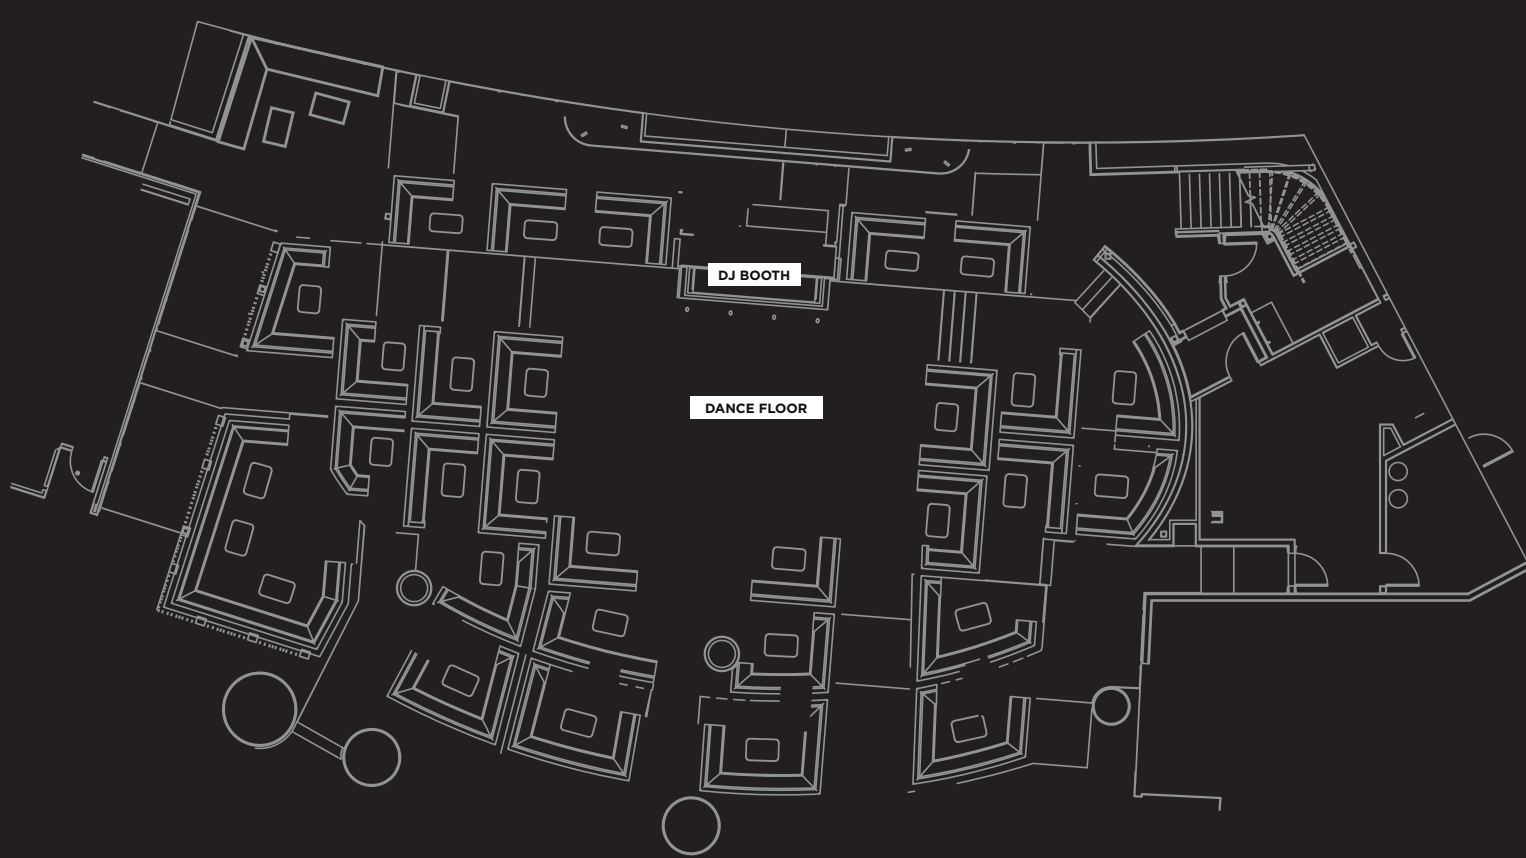

VIP SKYBOX SUITES

The immersive space features five themed VIP skybox suites dubbed The Blind Tiger (pictured), The Studio, The G.O.A.T., The Prestige and The Gallery. Each has its own exclusive entrance.

OVERVIEW

OMNIA is more than a place to hold an event. It is a way to embark on a journey. With 75,000 square feet and multiple rooms, OMNIA is where iconic opulence converges with future-forward technology for a space that entices guests, captures the imagination and immerses attendees in an unrivaled experience of sight, sound and sensation.

"OMNIA" means "everything" – and true to that name, it is all you want it to be. Its technology allows for unprecedented opportunities for complete customization throughout the venue, which enables you to create a seamless guest experience where your brand is always the focal point, never an afterthought.

At the heart of the experience is the luxury-defining main club, draped in glamorous decor and high-end finishes. This experience features a vast array of LED surfaces programmable to your event, a mezzanine of VIP areas, three bars, and a kinetic LED chandelier that is like a living futuristic art and design piece – an incredible centerpiece in an unforgettable environment. The space has been created to accommodate an incredible array of experiences, whether it's a world-class DJ, a live band performance or a production show.

The journey continues with the Heart of OMNIA, an ultra lounge experience, a more private escape to luxury where state-of-the-art LED panels converge with rich, classical design elements. And since OMNIA cannot be contained, guests can also discover the outdoor Terrace, that juxtaposes the timeless elegance of Versailles with the adrenaline of the famed Las Vegas Strip.

OMNIA IS ALL. CUSTOMIZABLE TO YOUR BRAND OR EVENT. UNFOLDING WITH UNIQUE ENVIRONMENTS. AND OPEN IN ITS POSSIBILITY FOR DISCOVERY.

ENTRANCE FACADE

OMNIA begins with your arrival at a trio of pods, curved and enrobed in black American walnut. Each pod features an intricately carved door, towering from floor to ceiling, along with tall LED panels incorporated into the carved facade. Here a silent statement is made: the convergence of classic and modern, each comfortable at play with the other.

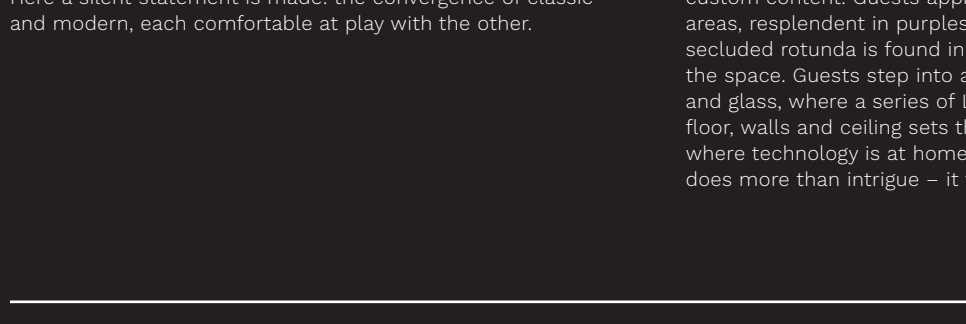

ENTRANCEWAY

OMNIA's entranceway is a prelude in every sense of the word. A flirt before seduction, it teases the experience to come. Draped in rich purple upholstery, antique brass and mirrors punctuate the space along with dynamic LEDs featuring custom content. Guests approach richly lacquered ticketing areas, resplendent in purples and golds. For the VIPs, a secluded rotunda is found in an intimate, secluded portion of the space. Guests step into a passageway of polished stone and glass, where a series of LED portals embedded in the floor, walls and ceiling sets the night's precedent: a place where technology is at home with luxury, and where design does more than intrigue – it transports your entire being.

MAIN CLUB & BALCONY

OMNIA's main club & balcony is where the story reaches its peak: multiple layers, an expansive dance floor for fellow revelers, antique mirrors, seats of rich leather – all underneath a gigantic kinetic LED chandelier that ascends, descends, morphs and transforms to the beat of the night. A full lighting system is the lifeblood of the room, creating astounding moments of pulse and flow that highlight every second of the experience. A VIP balcony space provides a revelry point of unprecedented technological wonder. The space also features three bars, including a dedicated bar for VIPs on the balcony, all under a soaringly dramatic operatic dome.

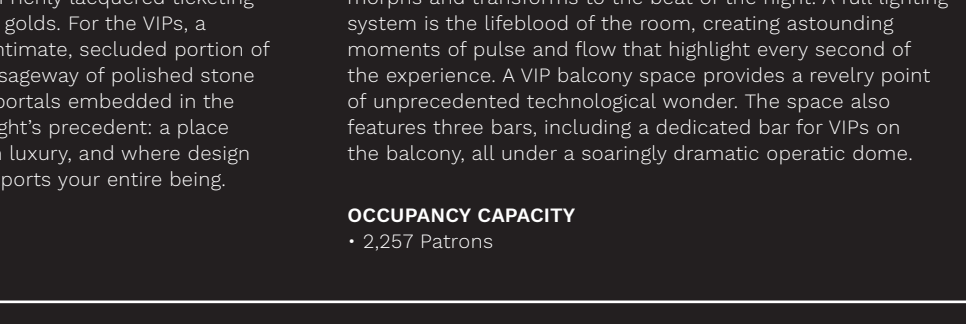

OCCUPANCY CAPACITY
• 2,257 Patrons

HEART OF OMNIA

Slipping into the Heart of Omnia is like discovering your detour is a destination in and of itself. Guests find themselves ensconced amid antique brass, mirror panels, embossed vinyls and rich draping velvets – with tech-forward LED panels integrated throughout for an ever-evolving scene. Here the DJ spins inside an LED panel – the perfect interplay of sight with sound.

OCCUPANCY CAPACITY
• 625 Patrons

TERRACE

This is where the journey takes you skyward. At the center of one of the world's most famous streets, overlooking the action of the famed Las Vegas Strip, the outdoor terrace at OMNIA transports guests to the splendor of an outdoor escape with a splash of technological marvel. Open air commingles with modern luxury, with inset lighting in glass floor tiles pulsing to the beat emanating from the LED-based DJ booth. This is a perfect setting to unwind after a long day of meetings and tradeshow and socialize with old friends & colleagues, where private tables and cabanas beckon, and where there is, quite literally, no ceiling to the luxury.

OCCUPANCY CAPACITY
• 985 Patrons

KINETIC CHANDELIER

TAIT TOWERS
The centerpiece of the OMNIA journey is the expansive kinetic chandelier in the main club. This artistic and technological marvel comprises eight circular LED rings with 180 LED crystals for a total of 32,000 individual points of light. Completely programmable by the night's DJ artist for fully customizable experiential impact and capable of a staggering range of movement, the chandelier boasts more than four stories of vertical motion, descending from the dramatic domed ceiling of the club to thirty feet over the dance floor. Each ring rotates, shifts, and circumscribes the others to create an ever-changing experience that is as unforgettable as it is transformative. The chandelier is the work of Tait Towers, a global leader in scenic design, LED integration, show control and automated rigging whose resume includes live show experiences for Katy Perry, Lady Gaga, Justin Timberlake, Beyoncé, Pink and more.

DESIGN

ROCKWELL GROUP
The striking aesthetic of OMNIA – and the incredible experience it creates – is thanks to the inspired minds of The Rockwell Group in tandem with Tao Group Hospitality. With offices in New York, Madrid and Shanghai, Rockwell focuses on creating a narrative for each unique space, and then telling the story through inventive design solutions. Crafting a unique and individual narrative concept for each project is fundamental to Rockwell Group's successful design approach. From the big picture to the last detail, the story informs and drives the design. A hallmark of the Rockwell Group's approach is the seamless integration of technology and handcrafted detail, a synergy that lives and breathes throughout every unique facet of OMNIA.

LIGHTING & VIDEO

WILLIE WILLIAMS LIGHTING & VIDEO
OMNIA began with a vision to create a convergence of sight and sound never before experienced in the club environment. Who better to bring that to life than the mind behind lighting and sound effects for Lady Gaga, U2, R.E.M., David Bowie and more. Williams integrated more than 4,500 square feet of LED lighting throughout OMNIA – including flexible LED – threaded seamlessly into the environment in a way that makes high tech seem like the most natural companion to classic design.

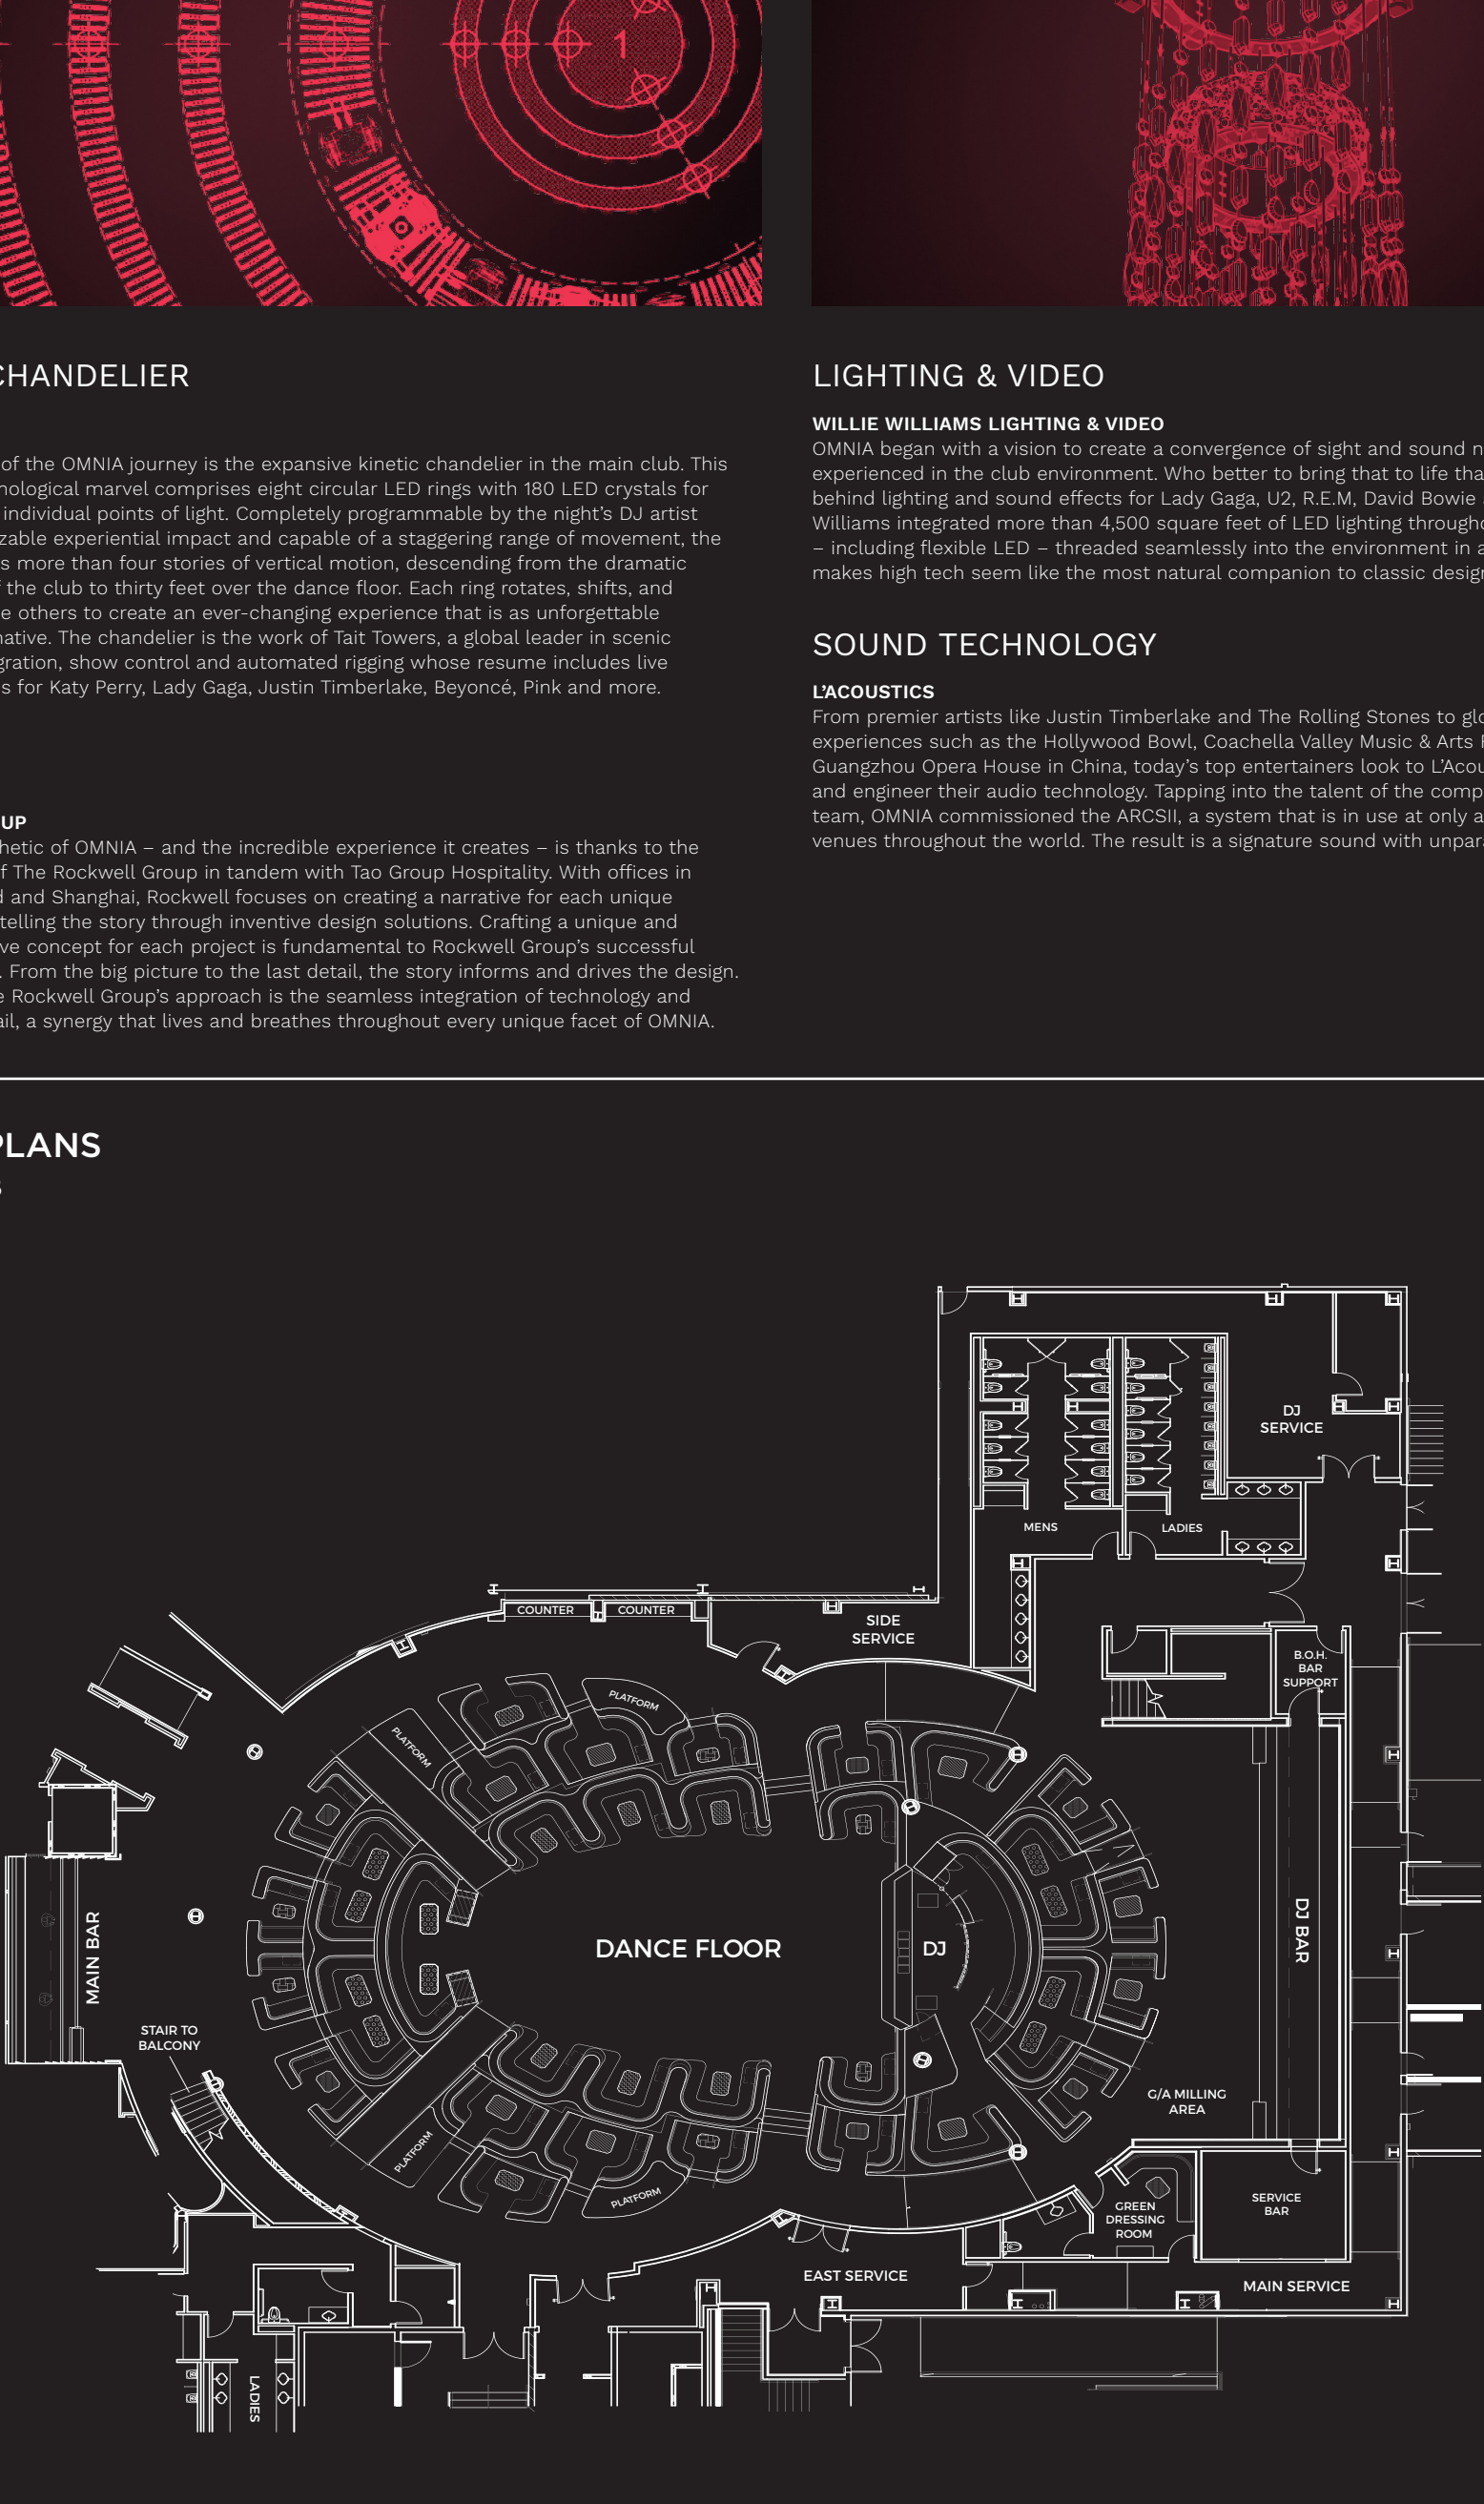

SOUND TECHNOLOGY

L'ACOUSTICS
From premier artists like Justin Timberlake and The Rolling Stones to global entertainment experiences such as the Hollywood Bowl, Coachella Valley Music & Arts Festival and the Guangzhou Opera House in China, today's top entertainers look to L'Acoustics to envision and engineer their audio technology. Tapping into the talent of the company's international team, OMNIA commissioned the ARCSiL, a system that is in use at only a select number of venues throughout the world. The result is a signature sound with unparalleled quality.
