WELCOME TO MARQUEE - LAS VEGAS

Marquee Nightclub Located inside The Cosmopolitan of Las Vegas on Las Vegas Blvd, is a 40,000 square-foot venue credited with ushering in the dance music craze to Las Vegas when it opened in 2010. The venue features seven different bars and three rooms:

MAIN ROOM // BOOMBOX // LIBRARY

Over the last decade Marquee has welcomed some of the worlds most talented artists from all musical genres, with a state-of-the-art laser show, a room shaking soundsystem, and an impressive LED screen that rises across 3 tiers, today the venue is still known as the mothership of dance with it's epic automation pod system and mechanical drawbridge.

See you on the dancefloor!
